Dues Schedule:

1. Determine your gross revenue.

Fees earned during the preceding calendar year for abstracting, searching and examination of titles (including all services related thereto), premiums written for insurance and fees earned in escrow, settlement and closing services during said period, plus that portion of the premiums for insurance which is retained by the agent or remitted to it by the insurer.

Should any of the fees be earned from an entity which is not a member of the Association but which is part of an affiliated group of companies of which the member is one, or if there is substantial common ownership of such entity and the member, such fees received by the non-member shall be included in establishing gross revenue of the member.
